## Charcoal Rubber Mask

The one and the first established of Charcoal Rubber Mask in Thailand. The Charcoal rubber mask also includes activated carbon for the best quality. Moreover, it is an innovation product developing with government agency and Chachoengsao Provincial Industry.

### Description :

Charcoal Rubber Mask made from natural material (authentic rubber) which is environmental friendly and hypoallergenic with no chemical. Rubber is the best filter with a special attribute which has high density but consists of uncountable of complex tiny fine hole. That causes our charcoal rubber mask has an excellent air circulation (can breathe easily) but still can filter out fine dust pollutants of PM2.5 and protect Droplets in the airborne.

## About Charcoal Rubber Mask :

1. Filtered out dust particles in the air
2. Filtered out smells, smoke, and other air pollutions
3. Filter material made from latex foam and Activated Carbon from bamboo woods which are all natural and non-toxic
4. Soft, Smooth, and Elastic texture
5. Washable and Reusable means no single use wastes
6. Long lasting

## Strengths :

A mask using unique specification of polyester fabric cover with rubber filter inside.

- Extremely comfortable (Soft and smooth)
- Excellent air circulation (Breathe easily)
- Adjustable earloop
- Smart and Beauty 3D shape
- Washable (over 100 times in a year)

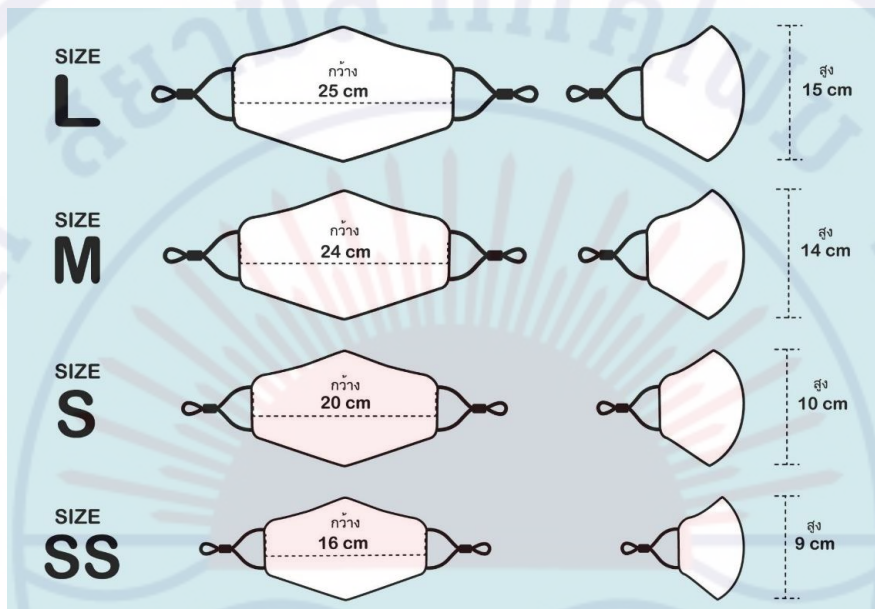

## Taking care of your Mask :

- Gently hand-washed with Liquid soap
- Use clean cloth squeeze the water out gently to help dry the mask
- Hang in the area with good air circulation
- Avoid hanging direct to the sunlight

## Size :

Curved measuring according to face shape (in centimeter)

NOTES : 0.5 – 1 cm. flexible

Color :

Original Model :

- Black
- Grey
- Blue
- Brown

Water Repellent Model :

- Black
- White
